UNFPA MOZAMBIQUE: RESPONSE TO CYCLONE IDAI

KEY AREAS OF UNFPA’S RESPONSE

UNFPA is closely coordinating its response with the Government counterparts, UN agencies and other development partners to reach the affected people with life-saving services in Sexual and Reproductive Health (SRH) and Gender-Based Violence (GBV) prevention and response to achieve zero maternal deaths, zero unmet need for family planning and zero harmful practices.

Total funding required for UNFPA support in Sofala, Manica, and Zambezia:

9 Months - USD 23.75 Million
**Gender-Based Violence (GBV)**

- Strengthen UNFPA’s lead role in protection through establishment of GBV sub-cluster, under the UN Inter-Agency Coordination Group.
- Establish 15 women-friendly spaces (WFSs) open to all women and girls, offering information, group activities, psychosocial support, and referrals along with private spaces for GBV case management.
- Provide Dignity Kits to 50,000 women and girls with items specific to their hygiene and protection needs.
- Train GBV service providers on guiding principles, referrals, case management, and psychosocial care services.
- Mobilize youth and raise community awareness on GBV prevention.
- Deploy and recruit SURGE capacity and recruiting national staff to coordinate and implement UNFPA response in GBV.

**Sexual Reproductive Health (SRH)**

- Establish and coordinate the Sexual Reproductive Health (SRH) sub-sector.
- Deploy Maternal Health Nurses to 34 temporary SRH facilities for provision of comprehensive SRH services to an estimated 150,000 women and girls.
- Procure life-saving Reproductive Health Kits, medicines and supplies for 34 health facilities and provincial and district hospitals.
- Distribute Clean Delivery and Newborn Kits to 10,000 mothers and newborns.
- Deploy Community Health/Youth Volunteers for awareness raising on health issues such as family planning, HIV/STI prevention, and danger signs during pregnancy.
- Establish referral pathways for integrated SRH and GBV services for survivors.
- Ensure adolescent sexual reproductive health rights (ASRH) through mobile clinics.
- Deploy SURGE capacity and recruit national staff to coordinate and implement UNFPA’s response in SRH.
